How Do We Invest?

- We believe the best businesses acquired at prices that are reasonable in relation to what we expect to receive in return make the best investments.
- We believe the best investments are companies with durable businesses that are difficult to live without, difficult to replicate, and difficult to compete with.
- We believe companies that are making substantial positive changes in their industries and the communities they operate in are the best positioned for future success.

Disclaimer:

This material has been prepared based on information that is publicly available or that has been provided by Value Partners Investments Inc. (Value Partners). The information provided includes views or opinions of Value Partners, in its capacity as the portfolio manager of VPI Sustainability Leaders Pool (the Pool), and does not constitute individual, legal, investment, or tax advice about the Pool or the issuers discussed therein. Information about specific issuers of securities has been made available by Value Partners for the sole purpose of providing additional background information on the holdings in the Pool and is not intended to be investment advice about the merits of investing directly in these issuers. If included the comparison of specific stocks as "What You Own" and "What You Don't Own" is provided to illustrate the key characteristics that Value Partners uses in its investment process to identify great businesses at reasonable prices. Please consult your own legal, investment, and/or tax advisor prior to making a decision to invest in the Pool.

The complete holdings of the Pool are disclosed in its Financial Statements semi-annually. On a quarterly basis, the Pool discloses its top 25 holdings in its Top 25 Holdings report. Both these documents are available on our website at www.valuepartnersinvestments.ca. Value Partners is a registered investment fund manager, portfolio manager, and exempt market dealer and is responsible for making decisions about the investments in the Pool.

Commissions, trailing commissions, management fees, and expenses all may be associated with mutual fund investments. Please read the fund facts document and the prospectus before investing. If included, the indicated returns represent historical annual compounded total returns, including changes in share or unit value and reinvestment of all dividends, and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any security holder that would have reduced returns. Mutual funds are not guaranteed, their values change frequently, and past performance will not tell you how the Pool will perform in the future.
